## RENOVATION OF LADIES DRESSING ROOM

---

Dear Lady Members,

We have been getting your feedback about the inconvenience being caused to you on account of the delay in renovating the Ladies Dressing Room.

We are acutely aware of your concerns and are working towards completing the same. The delay was on account of structural flaws owing to the heritage sensitivities of the building that took time to rectify.

The project has now being put on fast track with ramped up manpower that have been given clear deadlines of completion.

We are very hopeful that the Ladies Dressing Room will be given back to you by mid of November 2022.

Your understanding and forbearance is highly appreciated.
